Letter No. 700 dated 3rd December 1918, from the Secretary to the Mysore Chamber of Commerce, Bangalore, to the Food Controller in Mysore, Bangalore.

With reference to the recent Notification G.O. No. 9378-432/P.P.134-18-26 dated the 25th November 1918, regarding the commandeering of food grains, I have the honour to request you to kindly let me know if persons who own lands in other taluks or districts are exempted from the operation of the Notification and allowed to bring their own paddy to the place of their residing to the extent of their yearly consumption at least. And whether it is necessary that persons who have some stock of these grains but not over the quantity allowed at the rate fixed per head for their family should also tender statements of their stock in accordance with the Government Order referred to above.

The Secretary,

Sir,

In reply to your letter No. 700 of the 3rd instant, I have the honour to state that under the terms of the Government Order, no persons are exempt from the operation of the rules for the transport of food grains from place to place, but every facility will be afforded to enable land owners to transport grains required for domestic consumption.

(2) As regards your second enquiry, under para (1) of Government Notification No. G.9337 dated 23rd November 1918 all persons holding stocks of more than 10 pallas of paddy or 5 pallas of other grains have to render accounts of their stock. I shall be glad to be favoured with your views as to what relaxation of these rules is necessary and advisable.

I have the honour to be,
Sir,
Your most obedient servant,

No. 626/2 Office of the Food Controller
in Mysore,
Bangalore, 6th December 1918.

From

Food Controller in Mysore,
B a n g a l o r e.

To

K. R. Srinivasaiengar, Esq., M.A.,
Revenue Commissioner in Mysore,
B a n g a l o r e.

Sir,

I have the honour to enclose herein a copy of letter No. 700 of the 3rd instant, from the Secretary, to the Mysore Chamber of Commerce, enquiring about the operation of the rules regarding transport of paddy by land owners to their place of residence and regarding the returns to be given by such persons, in respect of stocks held by them, together with a copy of my reply thereto sent to-day. I am of opinion that as little restriction as possible should be placed on ryots and land owners transporting their grains either to their homes or to markets. I think if we insist on wholesale merchants taking out transport permits for all purchases made by them, this would be sufficient for all practical purposes. As regards the returns by stockholders, the existing rule is very strict and is likely to cause considerable hardship if put in operation. I would recommend that only those who hold 50 pallas and upwards of ragi or 100 pallas and upwards of paddy need be required to submit

returns.

I have the honour to be,

Sir,

Your most obedient servant,

Sd/- K. Matthan,

Food Controller.
